To: Whom it may concern

Re: Brad Stevens

Brad has done voice-over work on radio commercials for our stores on several occasions. I would highly recommend his services to anyone that needs a voice that captures the attention of not only a listening audience but also an audience that is half listening.

Brad is also talented at suggesting changes to the wording of a script to make it more appealing, when asked.

A handwritten signature in black ink, appearing to read "Hobbie Hewitt". The signature is fluid and cursive, with a small arrow pointing to the right at the end of the final stroke.
